October 9, 2020

Dear Parent/Guardian,

We were notified today that a school bus driver in the North Syracuse Central School District has tested positive for COVID-19 and have been informed that your child may have recently ridden the bus with this driver on Monday and/or Tuesday, October 5th and 6th.

We have provided information to the Onondaga County Department of Health and they are in the process of doing contact tracing. Due to the lengthy nature of contact tracing and in light of the possible exposure, please be aware that you may want to quarantine your child until you hear otherwise from the District or Health Department.

As always, parents should monitor their child for any symptoms associated with COVID 19 and contact their health care provider if their child becomes symptomatic.

We appreciate your support and understanding on this matter. If you have any questions or concerns, please reference the District website at www.nscsd.org.

Sincerely,

Daniel D. Bowles
Superintendent of Schools
North Syracuse Central School District
