November 15, 2020

Dear Cicero North Syracuse High School Parents:

We have been notified that two students at Cicero North Syracuse High School have tested positive for COVID-19.

While confidentiality and privacy constraints prohibit us from providing personal information about the individuals impacted, we can let you know that the individuals were last in attendance on November 5 and November 12 and are currently quarantined by the County Department of Health

We are in the process of identifying staff and students thought to have been in close contact with the individuals and will be providing that information to the County Department of Health. All individuals suspected to have been in close contact will be quarantined outside of the building. The County Department of Health will be contacting any additional individuals.

Instruction at Cicero North Syracuse High School will transition to full remote on Monday and Tuesday, November 16 and 17. We will continue to closely monitor this situation and communicate updates when more information becomes available.

Sincerely,

Daniel D. Bowles
Superintendent of Schools
